

About Springer Public School

Springer Public School, Gorakhpur, is a premier K–12 ICSE-affiliated institution with a rich legacy of academic excellence, innovation, and visionary leadership. Established in 1992, the school has been a pioneer in quality English-medium education in Eastern Uttar Pradesh for over three decades.

Our Foundation & Visionary Founder

Springer Public School was founded by Late Shri Vaibhav Srivastava, a visionary educationist and engineer, whose personal journey deeply shaped the philosophy of the institution.

Born and raised in Gorakhpur, Late Vaibhav Srivastava had to move away from his hometown to pursue quality English-medium education, completing his schooling at Colvin Taluqdars' College, Lucknow. A meritorious student, he was the District Topper in HSC and went on to earn a Bachelor of Engineering in Civil Engineering from Birla Institute of Technology, Mesra, Ranchi, where he was awarded the Gold Medal for academic excellence.

Driven by a strong desire to provide world-class English-medium education to children of Gorakhpur and the surrounding region, he envisioned an institution that would match national standards while remaining rooted in strong values.

With the guidance and support of his father, Late Vaibhav Srivastava secured an allotment of land in 1991 at the Industrial Area, Gorakhpur. In 1992, he formally registered the Springer Education Foundation Society, which laid the foundation for the establishment of Springer Public School.

A Pioneer in the Region

Springer Public School has consistently been a trendsetter in the region:

- In 1996, the school was affiliated with the Council for the Indian School Certificate Examinations (CISCE), becoming the first unaided ICSE school in the region
- Among the first schools in Eastern UP to offer horse riding and swimming
- In 1998, Springer became the first school in the region to establish a fully functional Computer Lab, in association with NIIT, at a time when computer education was still in its infancy

Under the leadership of Late Vaibhav Srivastava, the school flourished academically, with students achieving remarkable results and selections in IITs, Medical colleges, NDA, and

various competitive examinations, earning Springer a reputation for discipline, excellence, and integrity.

Resilience & Continuity of Vision

Following the untimely demise of Late Vaibhav Srivastava in 2011, the institution and the family faced significant challenges. Upholding his vision with determination and resilience, his wife Mrs. Shipra Srivastava—a renowned social worker and former Member of the Uttar Pradesh State Women Commission (Government of Uttar Pradesh)—assumed charge as the Secretary of the School.

Under her stewardship, the school not only endured but continued to grow, staying true to its founding mission of providing quality, value-based education.

A New Era of Leadership & Innovation

In 2020, as the COVID-19 pandemic disrupted education nationwide, Mr. Arjun Vaibhav Srivastava, son of Late Vaibhav Srivastava, stepped into an active leadership role. Demonstrating agility and technological foresight, he led Springer Public School to begin live online classes via Zoom from March 2020, when most schools remained closed—making Springer the first school in Eastern Uttar Pradesh to successfully implement structured online learning.

Mr. Arjun Vaibhav Srivastava is currently the Managing Director of the Springer Education Foundation Society. He holds a B.Tech in Computer Science & Engineering, MBA in Entrepreneurship & Leadership and Postgraduate in Data Engineering & Cloud Computing from the Indian Institute of Technology (IIT) Jodhpur

Springer Today: Future-Ready & Nationally Recognised

Under the dynamic leadership of Mr. Arjun Vaibhav Srivastava, with the continued guidance of Mrs. Shipra Srivastava, Springer Public School has entered a new era of innovation and national recognition.

Key milestones include:

- Establishment of an AI & Robotics Lab from Academic Session 2025-26 in association with Future Gurukuls.
- Promoting the United Nations Sustainable Development Goals (SDGs)
- Partnership with IIT Madras for its School Connect program to offer introductory certificate courses in Data Science, AI, Architecture, etc.

- Partnership with GrayQuest Education Finance to offer monthly fee payment plans at ZERO cost to parents
- Ranked No. 1 in Gorakhpur, No. 2 in Uttar Pradesh, and No. 6 in India by EducationWorld Magazine at the EW Indian School Rankings & Awards 2025–26
- After School Sports Academy for students offering professional level training for Cricket, Taekwondo, etc.
- Introduction of Financial Literacy as a subject from Grades VI to X, starting Academic Session 2026–27, making Springer the first school in the region to do so

Our Philosophy

At Springer, education is not limited to academic achievement. We are committed to nurturing curious minds, ethical values, leadership qualities, and life-ready skills, preparing students to excel in an ever-evolving global landscape.

With the blessings and enduring vision of Late Vaibhav Srivastava, Springer Public School continues to blend legacy with innovation, empowering generations of learners to dream big and achieve with integrity.
